Important Information!

Policy No. 2007:4.2

Food allergies in children are common and can be related to peanuts, other tree nuts (brazil, cashew, hazelnuts almonds) fish, shellfish, eggs, wheat, milk, milk products, soy seed and some fruits.

All staff are trained in managing anaphylaxis reactions and are kept well informed of individual children's changing health needs.

Pedder Patter Child Care Centre promotes children celebrating birthdays and special occasions. We would appreciate parents checking with carers prior to bringing food into the centre.

Policy No. 2007:5.10

Pedder Patter Child Care centre is a nut free zone, parents wishing to bring food from home must present a list of ingredients.

Policy No. 2007:1.1

To prevent the spread of infection Pedder Patter Child Care Centre recommends that in the case of an unwell child that parents assess their child before bringing them to care. If your child requires one on one attention and are simply not themselves, Pedder Patter Child Care Centre suggests that the best place for them is at home. Common colds are a part of every child's life and can be managed as long as they are not accompanied by fever.
